

I Go With God

By K. Brendi Poppel

I go with God,
I choose to live in accordance with your will.
I go with God,
I choose to give my life to fulfill your plan for me.
I choose to be following the course,
that keeps me in alignment with our father and first source.
O great creator that you are so mighty up above,
yet living in my heart and soul with me, as I love.
My fellow man as best I can,
My purpose is to live the life that you have given me,
to share the gifts you give,
I go with God with God I go.
No harm can come for I do know,
the everlasting path unfolds ahead,
with God I go, in God I am led.
To listen deep to trust the unknown,
I go with God, I'm never alone.
Moment by moment day by day
He takes my hand and leads the way,
He holds me up when my heart gives out,
His love erases my fear and doubt,
I go with God, I clearly see He blesses me continually,
I go with God. May it ever be so,
I go with God with God I go.
